

Ohio Beef Cow/Calf Workshop - Optimizing Herd Reproduction and Profitability

Reproduction and genetics are important factors for a cow-calf operation. The long-term investment of genetics plays a critical role in the development and management to ensure longevity within a herd. Join OSU Extension in Champaign County to discuss and demonstrate the practices that you might apply on your farm to improve your operation with regards to optimizing reproduction and cow-calf profitability.

Friday, February 28, 2025, 10:00 am - 2:30 pm, Mechanicsburg Ag. 857 S. Mutual Union Rd. Cable, OH 43009
