Conference brought to you by
OSU Extension Human Resources and Chi Epsilon Sigma
Welcome...

Thanks for taking time to join us today at the 2005 Support Staff Conference. This year the conference is focusing on balancing work and family and what better time since October is National Work and Family Month! We hope that you will take away some helpful hints and techniques to help you build your safety net at home and at work.

It is important that we all take time for professional development opportunities not only to learn different skills but also to take a moment to network with our colleagues in Extension, in the College and throughout the state. Please take time today to meet someone new or reconnect with someone you met previously.

We hope that you enjoy this year’s conference and that you gain additional information to assist you in maintaining a balanced life. Please remember to fill out the evaluation form so next year’s planning committee will have valuable information to help them in their planning efforts.

Again, welcome. We’re glad you’re here!

Sincerely,
The 2005 Planning Committee
