The major concern is dues and we will need to have conversations with membership committee. They committee recommends creating an ad hoc committee to review the amount of dues and structure.

There were procedural issues related to the ceremony that the committee will continue to focus on addressing and improving. Sub-committee activities are gearing up for 2018 responsibilities, but at this time there are no pending changes or updates from committees.
The SGR committee reports that the change in calendar which resulted in moving the annual JCEP meeting, awards ceremony, and related activities to mid-January has resulted in some uncertainty and some scheduling challenges that affect committee operations. A motion was put forth during the SGR committee meeting. The motion according to the committee’s minutes was as follows: Kirk Bloir moved to have an Ohio JCEP Annual Meeting and Awards within the first 10 days of December that would consist of JCEP annual meeting, installation, new members, team teaching, creative works, and association meetings. Old Business
CES Joining JCEP
Angie Keshock, CES President, reported that there was overwhelming support from their membership to proceed with discussion of a merger. Some of their membership joined in on committee meetings today and there seemed to be a good fit. They currently have funds in their budget to provide help with membership dues for counties that need it, so that may need addressed and fits with the question NAEPSDP posed about help with membership fees.

Kate considered the timeline so that if the merger proceeds, we are ready for the October membership drive. To meet this deadline, the by-laws must be discussed at the June meeting and voted on at the August board meeting. As proposed by the Resource Development & Management committee, Kate stated an ad hoc committee needs to look at dues, options for membership levels, and due scholarship options. The ad hoc committee will need to meet and bring a report to the April meeting. Members of the ad hoc committee are:

- JCEP Membership Chair – Kathy Green
- PDE representative (for processing membership surveys/dues)
- CES – Angie Keshock and Beth Young
- Treasurer – Nate Arnett
- JCEP Past President – Rob Leeds

New Business
PILD/JCEP Reimbursement
Chris Bruynis asked about having enough funds for leadership in all the organizations to attend these conferences. It was discussed it is not an issue this year because there is someone that cannot attend. Nate stated that 7 organizations were budgeted.

Annual Conference
Kate explained the recommendation put forth by the Scholarships, Grants and Recognition committee. Several questions were brought up:

- Can we have a JCEP day in December with the board meeting?
If we have a JCEP conference day, what is the main objective?
Could a speaker be added to the awards to add value to the day?
Do we have a choice? Can we move the JCEP aspects outside of the Engagement Conference?
How would it be funded?

The Executive committee will need to meet with Roger and Cheryl Buck to discuss the options. Laryssa moved to support the SGR committee’s motion and pursue having the JCEP meetings in separate from the January Engagement Conference. Chris Bruynis seconded. Motion passed.

Adjournment – Lee Beers moved to adjourn. Meeting adjourned at 3:13 PM.
