Hello CES Members,

CES community is becoming bigger as Central State support staff are joining us for the state. This brings so many possibilities to the table; the ability to see if there are needs for new awards to be introduced, the ability to collaborate on professional development opportunities, and to grow in the friendships that we create.

I want to emphasize in this article what really makes the CES support staff so vitally important for us. As for many support staff our workload seems to be increasing every year. I find myself hopeful to stay afloat, but I worry that I might miss something important. I know if I am having these issues many might be having the same issues as well. I think it is important to stay positive in life, but I also believe that it is just as important to be realistic. I want the support staff to know, I completely understand what each of you go through in your day and want to personally thank you for the jobs you do. I also feel that with CES, those friendships I have acquired help me get through the tough times and we share our stressors, words of encouragement and tips on dealing with life. So, my best advice is to hang in there and when you need to, call someone.

I know that things seem discouraging, but I can’t stress enough the fact that as Support Staff we need to offer support to each other. We become strong by lifting each other up. As support, we give that same support to our communities as well as many in the community might look to us as hope to get back to normal things. I know I cannot wait until the warm air does not just stay for a moment.

I am truly blessed to know so many of you.

So, with warm regards,
Patty

 CES NEWSLETTER January - March 2022

Helpful TIPS that may help you in your job:

**Microsoft Outlook – Accepting Meetings with “Do Not Send a Response” May Backfire on You**
If you have ever wondered whether you should accept Outlook meeting invites with or without a response, please visit this [Microsoft Community question thread](#). Bottom line: You may intend to be considerate by not filling up the sender’s Inbox, but they will actually have no way on their end to know that you have accepted the invitation, as your response will not show up in their Tracking tab!

To snip without clicking on the Snipping Tool, use the Windows logo key plus Shift plus S- get the crosshairs cursor to click and drag image and then paste it where you want it.

**To Rotate a pdf**, use Control key plus Shift key plus +

**Copy information to another source:** In some documents in our system when you try to copy and paste to another source, it will come up with an error. One example of this is taking the information from the Expense Transfer Form and adding it to Workday for the business purpose. Do a Control C to copy it and in the field, you need to paste it to do a Control V.

**EXCEL:**

**View a formula in a cell in Excel:** Do a control + ~ button next to the numeric 1 at the top of the keyboard or in the formulas tab click on the show formulas.

**Clear button:** to remove all in the cell(s) – format and contents

**To select all the data in an Excel spreadsheet:** Click shift + control, and arrow button over to get the full data from the column and then click on the arrow down button to reach the last row of data.

Rochelle Williams – Program Assistant, Central State, Greene County

Personal Glimpse from one of our Central State Members:

Hello, I am Ms. Sha’Chanda Webster-Davis. My name is more difficult to spell than it is to pronounce. Try it, ‘Sha-Shon-da’. . . 🥰 Now you see, that wasn’t difficult, was it? Lol!

I began working for Central State University on September 7th, 2004. My first position on this campus was as a Temporary Secretary at The Student Health Center. I was given the offer via Central State’s very own Temp-to-Hire Pool, which currently no longer exists. I worked in that position until April 2nd, 2005. I was then given the opportunity to apply and come on board full time as a Level I – Department Secretary of the Social and Behavioral Sciences Department, which is housed in the College of Humanities Arts and Social Sciences (a.k.a. - CHAS). I worked in that position from June 15th, 2005, until August 20, 2016. I was promoted to Administrative Assistant in July of 2005. I kept that title when I was offered the position in the office of Central State University’s Extension, located on the Main Campus inside of the historical Emery Hall. Emery Hall is a beautiful building that was constructed in 1913 and is one of the oldest structures on the Central State University campus.

The building was home to the first academic spaces and a women's dormitory before being closed for several years due to suffering major damage from the 1974 tornado. The building is now home to offices thanks to a restoration project that was completed almost three years ago.

Since being with Extension, I have been in three separate roles, with the first being the Administrative Assistant to Extension. The second is the EFNEP (Expanded Food Nutrition Education Program) Program Assistant for Greene and Clark Counties. Currently, I am still a Program Assistant, but under the Direction of the Extension Site Coordinator. I have the responsibility of making sure that the three closest sites that we have can function by making sure the supplies they need are available, as well as reserving and scheduling classroom space, so our programs can be facilitated while keeping the Activity Calendar constantly updated. I also carry out a host of other daily duties that are important and strictly assigned to me and my role as the Program Assistant to the Extension Site Coordinator. I have been in this current position since March 1st, 2019. My office is located off-campus now at 334 S. Progress Drive, Suite 100, Xenia, Ohio 45385.

There is never a dull moment when working with Extension and having the opportunity to provide the services we offer to our surrounding communities.

I have thoroughly enjoyed working with my Extension Colleagues and I continue to enjoy meeting new people that come to the Programs that we offer to the community.
SAC: Terri Fisher, CFAES Staff Advisory Council Liaison, Chair CES Fundraiser Committee

We are closing out our past auction and gearing up for December 2022. The 19 generously-donated baskets from the December 2021 Silent Auction earned $1,064 in support of the Support Staff Excellence Award. Thank you to all who donated and participated in bidding! There is a possibility that the 2022 Extension Annual Conference could be in person, so we would be very grateful to have additional volunteers this year! Please email Terri Fisher at fisher.456@osu.edu if you would like to serve with us this December. Thanks again for your support.
