OSU Extension Summer Internship Program  
Intern Work Plan – June 4 to August 10, 2018

The intern will be assigned to your office 38 hours per week (28 hours per week if taking classes). During the 10-week internship program, the intern should:

- Have one or more impact area-related educational program(s)/project(s) of which he or she has a major responsibility. This could include, but is not limited to: development of educational resources, organize an Extension program, support an exhibit.
- Complete one or more impact area-related products. This could include, but is not limited to: exhibits, handouts, news articles, literature reviews.
- Participate in educational activities that showcase the scope of OSU Extension. This may include, but is not limited to: assisting at Extension programs in the community, attending task force meetings, helping with county fair educational activities.
- Participate in meetings with community partners and with Extension colleagues. This may include, but is not limited to: community task force meetings, Extension program planning meetings, in-services, and volunteer committees.

1. Location/County: Delaware County

2. Supervisor of intern: Rob Leeds

3. Supervisor email/phone number: Leeds.2@osu.edu

4. Please identify the impact area and program area that will be the major focus of the intern.

   Check a maximum of two impact areas:
   
   _____ Health and Wellness  
   ___X__ Job Skills and Careers  
   _____ Thriving Across the Life Span  
   ___X__ Sustainable Food Systems  
   _____ Engaged Ohioans, Vibrant Communities  
   _____ Environmental Quality

   Program areas – check all that apply:
   
   ___X__ Agriculture and Natural Resources  
   ___X__ Community Development  
   _____ Family and Consumer Sciences  
   ___X__ 4-H Youth Development
5. Please identify the impact area-related products that it is anticipated the intern will complete during the internship.

The intern will be expanding the OSU Extension Delaware County Youtube channel by adding other videos for other impact and program areas. The intern will be in charge of script development, videography, production and editing of the video curriculum. The Products will include:

Sustainable Food Systems

- Direct Marketing (farmers’ markets, on farm markets, CSA’s and agri-tourism) collaborators 4-H/Agr Educator, Agr/NR extension educator.
