OSU Extension Summer Internship Program
Intern Work Plan – June 4 to August 10, 2018

The intern will be assigned to your office 38 hours per week (28 hours per week if taking classes). During the 10-week internship program, the intern should:

- Have one or more impact area-related educational program(s)/project(s) of which he or she has a major responsibility. This could include, but is not limited to: development of educational resources, organize an Extension program, support an exhibit.
- Complete one or more impact area-related products. This could include, but is not limited to: exhibits, handouts, news articles, literature reviews.
- Participate in educational activities that showcase the scope of OSU Extension. This may include, but is not limited to: assisting at Extension programs in the community, attending task force meetings, helping with county fair educational activities.
- Participate in meetings with community partners and with Extension colleagues. This may include, but is not limited to: community task force meetings, Extension program planning meetings, in-services, and volunteer committees.

1. Location/County: Marion County

2. Supervisor of intern: Margo Long

3. Supervisor email/phone number: long.1632@osu.edu / 740-229-4040

4. Please identify the impact area and program area that will be the major focus of the intern.

Check a maximum of two impact areas:

- Health and Wellness
- Job Skills and Careers
- Thriving Across the Life Span
- Sustainable Food Systems
- Engaged Ohioans, Vibrant Communities
- Environmental Quality

Program areas – check all that apply:

- Agriculture and Natural Resources
- Community Development
- Family and Consumer Sciences
- 4-H Youth Development
5. Please identify the impact area-related products that it is anticipated the intern will complete during the internship.

- Assist in the implementation of a STEM-focused exhibit at the Marion County Fair (in partnership with OSU-Marion campus).
- Enhance the county’s 4-H camping experience through STEM.
- Develop and create a series of videos to demonstrate how the county efforts are applicable to highlighted impact areas.
- Develop health-related materials to support FCS and SNAP-Ed (PSE) related activities (e.g. fruit and vegetable fact sheets, recipe cards, garden guides, purchasing seeds on SNAP, etc.)

6. Please list a minimum of six activities in which the intern will participate. These activities and meetings should be within the impact areas, across program areas and/or with the community or other professionals.

- OSU-M/Marion Co. 4-H/OSU-E STEM collaboration meetings
- Marion County Camp Counselor trainings
- Marion County 4-H STEM exhibit at the fair
- Assist with delivering educational programming focused on health and wellness at various community sites (e.g. SFSP meal sites, community gardens, produce markets, farmers markets, etc.)
- Develop outreach and education materials from Connect & Collaborate Grant titled “Assessment of Potential Energy Demand Management Strategies in Agriculture
- Develop a video series highlighting the progress that Marion County farmers located in the Western Lake Erie Watershed have made in managing nutrient loss
